

Movement that keeps residents independent

Fitness, Mobility & Fall Prevention for Senior Living Communities

Hello Potential Partner,

Core Wellness Solutions brings structured, low-impact, professionally guided movement sessions directly into your community. Each program is built around your residents' abilities to improve strength, balance, and confidence, supporting long-term independence and your community's standard of care.

SPECIALIZED SERVICES

- **Chair-based exercise:** safe, functional movement for every mobility level.
- **Balance & fall prevention:** targeted training to reduce fall risk and build daily confidence.
- **Strength & stretch mobility:** low-impact sessions that support independent daily function.
- **Assisted stretch therapy:** hands-on, one-on-one stretching for residents who need extra support.
- **Group & individual options:** small groups, resident education, and optional staff wellness sessions.

WHAT YOUR COMMUNITY GAINS

- **Higher quality of care:** professionally led programming on your activities calendar.
- **Proactive safety:** consistent balance and strength work that addresses fall risk before it becomes an incident.
- **Engagement families can see:** an active, positive community that families trust.
- **Simple for staff:** we plan, lead, and track every session.

START WITH A PILOT

Not ready for a monthly program? Our **Pilot Program** lets your residents and staff experience structured sessions before committing. Scheduling is flexible and built around your community's calendar.
